

SCHOOL OF INFORMATION TECHNOLOGY

Instructional Material (Laboratory)

HUMAN-COMPUTER INTERACTION1
(HUMCOM1)

Topic(s):	Introduction to HTML and Basic Web Structure		
Laboratory Activity No.	03	No. of Hours:	30 minutes
Start Date:	JANUARY 21, 2026	Due Date:	JANUARY 21, 2026
Approach:	☒ Individual	☐ Group	
	☐ Online	☐ Onsite	☐ Hybrid
Name(s): <i>Lastname, First Name Arranged in alphabetical order</i>	Agoo, Christian Payapaya		

- I. Prerequisites
- Students should have:
- a. Knowledge of the Anchor (<a>) tag and the href attribute.

b. Understanding of file paths for internal site navigation.
- II. Learning Objective
- At the end of this laboratory activity, the student must have created a functional, well-structured HTML webpage titled "All About Me." The output must demonstrate the student's ability to use essential HTML tags and display formatted text content accurately within a web browser.
- At the end of this laboratory activity, the student must be able to:
- | Learning Objectives | Aligned Course Learning Outcomes (CLOs) |
|--|---|
| 1. Construct functional "Back" and "Next" navigation links.. | CLO 3 |
| 2. Integrate external CSS-like properties for link visibility. | CLO 3 |
| 3. Create a structured layout with multiple paragraphs. | CLO 3 |
- III. Setup and Procedure
- Mandatory
- Software Environment:
- Visual Studio Code, Notepad++, or Notepad
- Hardware Environment
- PC/workstation
- IV. Problem/Procedure
- Annex A for the problem description.
- Annex B for the detailed procedure.
- V. Additional Instructions
- a. Filename (HTML): Activity2_About Me_[YourLastName].html

b. Submission: Submit the final .html file to the designated laboratory drive or as instructed by the faculty.

c. Plagiarism Policy: Anyone that has a similar output to another student will be marked zero.
- VI. Rubric/Scoring Guide

Criteria	5 Points (Excellent)	3 Points (Good)	1 Point (Needs Improvement)
Content Accuracy	Includes exactly 3 paragraphs with the title "Me as a Student" in a justified center format.	Includes 1-2 paragraphs or the title is slightly incorrect in format.	Missing paragraphs or title is irrelevant.
Image Formatting	The image is perfectly rounded with 500x500 dimensions using CSS or has a proportional size with the page.	Image is present but dimensions or rounding are slightly off.	The image is not rounded or is missing entirely.
Code Structure	Uses <code><head></code> , <code><title></code> , and <code><body></code> tags correctly and cleanly.	Basic HTML structure is present but contains minor errors.	Code is poorly structured or does not run.
Design & Layout	All elements are centered and visually balanced according to instructions.	Elements are present but alignment is inconsistent.	The layout is disorganized or hard to read.
Saving Requirements	The file is saved correctly as an .html file with the proper naming convention.	The file is saved as .html but has a naming error.	The file is saved in the wrong format or is missing.
TOTAL			___ / 25 Points

VII. Reflection

In this section, you will write a brief reflection on your learning. Answer the following guide questions:

- 1. What happens if the file name in your href does not exactly match the actual file name?
The link will break. When a user clicks it, the browser can't find the file and usually shows a 404 Not Found error.
- 2. How does a navigation bar improve the "flow" of a website?

*A navigation bar improves flow by making the site easy and intuitive to move through.
It helps because it:*

- 1. *Gives users a clear path to important pages*
- 2. *Keeps navigation consistent across the site*
- 3. *Reduces confusion and frustration*
- 4. *Lets users move around without using the back button*
Makes the site feel more organized and professional

ANNEX A

Problem

Instructions: Enhance your "Me as a Student/About Me" page by adding navigation controls.

Constraints:

- Must contain exactly 3 paragraphs of content.
- Must include a round image with 500 x 500 dimensions/ depends on your image size.
- Include a "Back" link to Activity 2 and a "Next" link to Activity 4.
- Ensure links are clearly visible against the background.

ANNEX B Procedure

Procedure:

1. **Open Text Editor:** Launch your preferred text editor (e.g., VS Code or Notepad++).
2. **Document Setup:** Start your code with the `<!DOCTYPE html>` declaration and the opening `<html>` tag.
3. **Head Section:** Create the `<head>` section and include a `<title>` tag with the text "About Me".
4. **Body Content:** * Inside the `<body>` section, add an `<h1>` heading with the text "All About Me".
 - o Use `<p>` tags to write your information: Name, Age, City, School, Major, Interests, and Hobbies.
5. **Browser Preview:** Open your saved file in a web browser to ensure the layout appears correctly.

Saving:

1. **Format:** Save the file as an HTML document (.html).
2. **Naming Convention:** Save the file as Activity3_About Me_[YourLastName].html.
3. Do not forget to use this template to put your activity output/screenshot, activity code and activity reflection.

```
<!DOCTYPE html>

<html lang="en">

<head>

    <meta charset="UTF-8">

    <title>ALL ABOUT ME</title>

    <style>

        .round-image {

            width: 500px;

            height: 500px;

            border-radius: 70%;

            object-fit: cover;

        }

        .nav-links a {

            display: inline-block;

            margin: 20px;

            padding: 12px 24px;

            background-color: #333;

            color: #ffffff;

            text-decoration: none;

            border-radius: 6px;
```

```

        font-weight: bold;

    }

    .nav-links a:hover {

        background-color: #f00606;

    }

    body {

        text-align: center;

        padding: 40px;

    }

    p {

        max-width: 700px;

        margin: 15px auto;

        line-height: 1.6;

        color: #333;

    }

</style>

</head>

<h1>All About Me</h1>

<h2><a href="#" class="z:\HUMCOM 2-5\Activity2_About Me_Agoo.html,z:\HUMCOM
2-5\Activity4_About Me_Agoo.html"> Christian Payapaya Agoo</a></h2>

<p> My name is <strong> Christian P. Agoo </strong>,

        and I am currently <strong> 27 </strong> years old living in the city of
<strong> Baguio </strong>.

        I am a dedicated working and a returning student at the <strong> University
of Baguio </strong> where I am pursuing my degree in <strong> Bachelor of
Science Major in information Technology </strong>.</p>

```

<p> Years ago, I enrolled for Bachelor of Science Major in Architecture at the same school University of Baguio. Due to financial issues, I deicded to stop and look for a job. Then years later I came with the same enthusiasm and passion for learning and with the same goal To Graduate!

<p> I am an introvert person that loves being alone all the time. Why I choose this course Information Technology is that is a very indemand job abroad.

being an IT was not my first choice to learn, when I was a young-boy I always dreamnt in being a license Architect one day but due to lack finances I decided to pursue It.

Lastly, I attached an AI generated picture of myself since Im not that very confident with myself</p>
