SCHOOL OF INFORMATION TECHNOLOGY

Instructional Material (Laboratory)

Human-Computer Interaction
(HUMCOM1)

Topic(s):	Introduction to HTML, Navigation, and Image Formatting				
Laboratory Activity No.	06		No. of Hours:	30 minutes	
Start Date:	FEBRUARY 20, 2026		Due Date:	FEBRUARY 20, 2026	
Approach:	☒	Individual	☐	Group	
	☐	Online	☒	Onsite	☐ Hybrid
Name(s): <i>Lastname, First Name Arranged in alphabetical order</i>	AGOO, Christian P.				

I. Prerequisites

Students should have:

- a. Knowledge of the Anchor (<a>) tag and the href attribute.
- b. Understanding of file paths for internal site navigation.
- c. Basic understanding of CSS for image rounding and layout centering.

II. Learning Objective

At the end of this laboratory activity, the student must have created a functional, well-structured HTML webpage titled "Student's Lastname Name Creatives". The output must demonstrate the student's ability to use navigation bars, formatted circular images, and centered layout designs.

Learning Objectives	Aligned Course Learning Outcomes (CLOs)
1. Construct a functional navigation bar (Home, About, Gallery, Contact).	CLO 3
2. Implement perfectly rounded images with borders.	CLO 3
3. Create a visually balanced landing page with a Call-to-Action button.	CLO 3

III. Setup and Procedure

Mandatory

- Software Environment:
- Visual Studio Code, Notepad++, or Notepad

- Hardware Environment
- PC/workstation

IV. Problem/Procedure

Annex A for the problem description.

Annex B for the detailed procedure.

- V. Additional Instructions
- a. **Filename (HTML):** You must follow the naming convention.
 - b. **Template Requirement:** Do not forget to use the provided template to include your activity output/screenshot, the source code, and your reflection.
 - c. **Submission Method:** Submit the final .html file to the designated laboratory drive or as specifically instructed by your faculty.

VI. Rubric/Scoring Guide

Criteria	5 Points (Excellent)	3 Points (Good)	1Points (No Effort)
Navigation Bar	All 4 links are present and styled in a dark bar.	Missing 1-2 links or styling is inconsistent.	No navigation bar present.
Image Formatting	The profile image is perfectly rounded with a border.	Images are present but not circular.	Images are missing.
Deployment & UX	The card is centered with a shadow and balanced text (3 paragraphs).	Elements are present but alignment/text volume is off.	The layout is disorganized.
Saving Req.	Save correctly as Activity6_[YourLastName].html or index for GitHub.	Saved as .html but the naming is wrong.	Wrong file format.
TOTAL			___ / 20 Points

VII. Reflection

In this section, you will write a brief reflection on your learning. Answer the following guide questions:

1. Why is it important to use a consistent navigation bar across different pages of a website?
Consistent navigation is the bedrock of user experience, as it creates a reliable mental map that allows visitors to browse intuitively without the frustration of relearning your layout on every page.
2. How does the use of white space and a centered "card" layout affect the user's focus?
White space and card layouts act as a visual spotlight, clearing away mental clutter to group information into digestible "chunks" that keep the user's focus locked exactly where it belongs.

ANNEX A
Problem

Instructions: Create the "About the Collection" sub-page for "Student's Choice of Name Creatives " that features a professional header and a centralized content card.

Constraints:

- **Header:** Must contain the brand logo and name "Student's Lastname Name Creatives" in uppercase.
- **Navigation:** A dark navigation bar with "HOME", "ABOUT", "GALLERY", and "CONTACT" links.
- **Image:** Must include one (1) centered circular image of the creator, formatted with a dark border.
- **Content:** * A main heading "About the Collection".
 - Three (3) distinct paragraphs of professional text describing the brand's vision and innovation.
- **Footer:** A black footer with the text "© 2026 Student's Lastname Name Creatives".

Procedure Procedure:

- **Document Setup:** Start with `<!DOCTYPE html>` and the `<html>` tag.
- **Head Section:** Include a `<title>` tag with the text "Jhazianne's Creatives".
- **Header & Nav:** Create a `<header>` for the brand name and a `<nav>` section for the four menu items.
- **Main Content Card:** Use a `<div>` with a white background and rounded corners to hold the text and circular image.
- **Image Formatting:** Use CSS (`border-radius: 50%`) to make the profile image perfectly round.
- **Footer:** Add the copyright information at the bottom of the page.
- **Saving:** Format as `.html` and use naming convention `Activity6_[YourLastName].html` or `index.html` for GitHub.

Final Submission Format Reminder

As per the mandatory instructions in SIT-FO-045:

- Required Sections:
 1. **Activity Output** (Screenshot of the live site)
 2. **Activity Code** (The full HTML/CSS source)
 3. **Activity Reflection** (Answers to the guide questions)

  <h1>ABOUT THE COLLECTION</h1>

  <p>Our vision centers on the intersection of raw human emotion and digital
precision.
  We believe that creativity is not merely about aesthetic appeal, but about
storytelling
  that challenges the status quo and invites viewers to see the world through a
refracted lens.
  Each piece is crafted to bridge the gap between abstract concepts and
tangible reality.</p>

  <p>Innovation serves as the heartbeat of this brand. By blending traditional
methodologies
  with cutting-edge experimental techniques, we constantly push the boundaries
of our medium.
  We reject the comfort of standard conventions, opting instead for a process
that values
  interactive growth, material exploration, and the courage to fail until the
perfect form emerges.</p>

  <p>Looking forward, our goal is to foster a community where design serves as
a catalyst for
  meaningful conversation. We are dedicated to maintaining the integrity of our
craft while
  scaling our impact, ensuring that every project remains a testament to our
commitment to excellence,
  authentic expression, and relentless creative evolution.</p>
